Subject: Today's hearing on Rasier llc Uber

Since there was very short notice of the last minute petition and change by Dallas Ball I ask that the PSC suspend the request until next week so every PSC certificate holder has ample time to make this hearing since it will surely change the face of transportation in South Carolina. Any other ruling would be injustice to every person or company who has held in good faith the requests to carry a Class C certificate.

I urge the PSC to move today's hearing until next week so everyone may have their voice heard especially since Mr. Ball has in a last minute effect changed from being against Uber to siding with them and has caught many people in the state off guard.

Thanks for your consideration
